Orbital Shaker

Features:

- Continuous one-way orbital shaking One platform
- 5 kg carry capability
- Microprocessor control
- Timer

Specification:

Motion	Orbital
Max. Stroke Length	20mm
Speed/Inc	20~250 rpm /1 rpm
Timer	1~9999 mins with alarm, continuous, 1 min increment
Operating Temperature	Ambient to 40°C
Carry Capability	5kg
Platform Dimension	400 x 300mm(W x L)
Additional Platform	Yes optional
Platform Material	304 Stainless steel
Unit Dimension	450 x 450 x 290 mm(W x L x H)
Weight:	Approx. 7.0kg
Rated Voltages	220V - 50 HZ

Universal platform with adjustable bars with non-slip rubber mat Suitable for use in different laboratories & blood bank
